

Student Athletes, Parents, Family and Friends,

We never thought the season would be stalled like this. I am lost for words for the disappointment that our team and families has gone through this last 10 days. As a team we have all worked so hard all year long. I'm extremely sad for our six seniors as senior year in High School is not suppose to be played out this way and life is not suppose to go this way! We are all saddened, stunned and really concerned from this on-going event and the future outcomes

From the high expectations at the beginning of the season placed on us, to the bizarre week of ties in Chino, and with league around the corner, I truly believed we had "it" to compete for a CIF championship. This years team as just that, a "Team". We have close group of students, with talent up and down the roster and had that athletic desire to do their best. From all the early season work outs, to all the fall games and the softball events, our group worked hard, where very diligent and competed as a team with a smile and a great deal of teamwork.

I do hope we can get back on the field, back to school, back to stress about tests, what to wear for the prom and what teachers to avoid next year. We will find out our status by April 3rd. But in the meantime, I want to thank all the parents, coaches, and school for their continued support to our girls and our program.

I believe God is in charge and has a plan and while it may not be a plan we want, now, we do need to trust. And like many, trusting at the moment can be tough. These uneasy times with the high anxiety days and nights, can all wreck havoc on our daily lives and on our families. For me, I consistently need to remind myself to trust, have faith and carry on.

We may not have gotten to the middle and ending we wanted, but we where all blessed with all those days from school's start to the last day we where together. Each player on the team made the limited season a success to me. For the girls, this life experience will mark them forever and I know they will be a light to some other student, family member, sibling or member in the community. If true, then the season was a success if it comes to an end. This year's team will always be near to my heart. I plan to stay in touch with our group for the whole school year and beyond, regardless if we are playing out the year. And I would like to salvage something for our six seniors who are quite dear to me and to the coaching staff.

We will be back on the field and will be playing again with new expectations and new challenges. Until then, may your family stay safe and healthy.

Jeff Forsberg

HBHS Varsity Softball Head Coach
